

# HSM 12 Gigant

## HSM 12 Gigant horizontal baling press

Our HSM 12 Gigant is in its element anywhere where voluminous cardboard packaging, plastic film or other materials need to be pressed. The extremely large loading aperture makes the unit simple and convenient to load. The result is compact bales which can be easily transported. And if the baler is required urgently in another part of the company – no problem: its 4 castors mean that it can be used anywhere at any time.
